

Selenia with Blade 1500 Customer Letter

May 20, 2014

Dear Hologic Customer,

As a valued Hologic customer, you have our commitment to provide you with the highest quality customer service, product support and technologically advanced products. We pride ourselves in being the leading manufacturer of Women's Health products, a goal that could not be achieved without customers like you. Unfortunately, the increasing scarcity of replacement components for older equipment makes it difficult for us to support certain components indefinitely.

After careful consideration it is necessary to announce the discontinuation of service and support for Selenia systems that are configured for use with the **Sun Blade 1500 computer** that were manufactured February 2004 through January 2007. Systems affected by this notice include the following serial numbers;

28402040129 through 28401071390

Until **January 1, 2017** Hologic will continue to provide phone support, and on-site service support, while parts support will be based on the availability of the replacement component for these systems. Service agreements currently in effect past this date will be honored, however new service agreements will be limited at the discretion of Hologic. Every effort will be made to provide uninterrupted service to our customers throughout this period.

Hologic is focused on maintaining a market lead position in Women's Health and in innovation by delivering the best detection performance and by offering new features and enhancements as are available in our current product offerings.

As there is no upgrade for the Sun Blade 1500 configuration, Hologic is encouraging our valued customers to contact their local Hologic Account manager, or a Hologic Customer Sales Support representative to obtain more information on our selection of state of the art, industry leading, feature capable mammography products.

For all questions concerning this Discontinuation Notice or for assistance to identify your local Hologic Account manager, please contact Hologic Customer Sales Support at **1-877-992-9892**

Sincerely,

Roger D. Mills
