

Customer Technical Bulletin

CTB-00950

Date: September 24, 2021			
Author:	Service Engineering		
Product:	Selenia Dimensions/	Subsystem:	N/A
	3Dimensions		
Subject:	Viewboxes and Viewing Conditions QC Test		

Purpose

The purpose of this document is to provide guidance on the viewboxes and viewing conditions.

Scope

This bulletin is applicable to all Selenia Dimensions and 3Dimensions systems.

Instructions

The Hologic QC manual MAN-03706 provides instructions for performing the Viewboxes and Viewing Conditions QC test. This test may not be applicable for all sites.

Viewboxes refer to the boxes that are illuminated by fluorescent lamps that are used to read x-ray films. (Reference Figure 1)

Technical Bulletin (cont.)

Viewboxes do not refer to the acquisition workstation (AWS) monitor or the radiologist workstation monitors (RWS).

For sites that use viewboxes for review, follow the guidance provided in the appropriate QC manual. If viewboxes are not used at your site, this test is not applicable and does not need to be performed.
