# HOLOGIC®

# Customer Technical Bulletin

## CTB-01142 Rev 001

**Date:** *9/3/2024*

**Author:** Service Engineering

**Product:** All Hologic Breast and Skeletal Health Products  **Subsystem:** N/A

**Subject:** Microsoft Azure Blob Storage BlueBleed Impact on Hologic Products

## Purpose

To provide Hologic customers, field engineers, and technical support engineers with information related to the Microsoft Azure Blob Storage cybersecurity data leak collectively known as "BlueBleed", and its impact on Hologic products and operations.

## Advisory Status

The BlueBleed incident has no indicators of impact on Hologic product or operations at this time, as assessed by the Hologic Security Operations Team. Hologic will continue to monitor cybersecurity threats and vulnerabilities and inform customers when incidents could potentially impact their data or systems.

## Details, Impact, and Resolution

### Summary

Security researchers at SOCRadar informed Microsoft on September 24, 2022, of a misconfigured Microsoft endpoint. This misconfiguration resulted in the potential for unauthenticated access to some business transaction data corresponding to interactions between Microsoft and prospective customers, such as the planning or potential implementation and provisioning of Microsoft services.

### Issue Discovery

Hologic was informed of this via news and informational channels.

### Issue Timeline

This issue was made public October 20, 2022, and the impact assessment for Hologic was completed October 24, 2022.

**Before using this document, please consult Agile for the latest revision.**

# Technical Bulletin (cont.)

**How many customers were impacted?**

No external customer systems or data was impacted.

No internal Hologic stakeholders were impacted.

**What products were impacted?**

None

**How was the incident resolved?**

Microsoft responded within hours of being notified of the problem, reconfiguring its Azure Blob Storage cloud bucket to properly secure it from unauthorized access.

**What was the temporary solution?**

N/A

**<u>Technical Support</u>**
