

End Of Life Report - Hologic CAD and Image Distribution

Manufacturer	Product Model	Product Type	Manufacture Date	"End of Life" Plan	Comparative Hologic Product Upgrade
R2	ImageChecker CAD 5.x - 8.x	Digital Mammography CAD system	August 2009	Technical Support is available until August 2016. Service replacement parts are limited to available inventory. No available upgrade path.	Cenova
Hologic	Dell memory expansion unit for MIMS-PLUS with PowerEdge 2900 computer	Archive	October 2005	Technical Support is available until August 2017. Service replacement parts are limited to available inventory.	SecurXchange Archive
Agfa	Mitra Broker	PACS Broker	October 2004	Agfa discontinued in 2007. No available upgrade path.	No available upgrade path.
R2	ImageChecker OEM-D version 3.x	Digital Mammography CAD system	July 2004	Technical Support is available until 2013. Service replacement parts are limited to available inventory. No available upgrade path.	Cenova
R2	ImageChecker OEM-D version 5.x	Digital Mammography CAD system	May 2006	Technical Support is available until 2013. Service replacement parts are limited to available inventory. No available upgrade path.	Cenova
R2	ImageChecker OEM-D Fisher)	Digital Mammography CAD system	August 2006	Technical Support is available until July 2013. Service replacement parts are limited to available inventory. No available upgrade path.	Selenia + Cenova
Hologic	R2 ImageChecker D (with Fisher port license)	Digital Mammography CAD system	August 2006	Technical Support is available until July 2013. Service replacement parts are limited to available inventory. No	Selenia + Cenova
R2	ImageChecker OEM-D Fisher)	Digital Mammography CAD system	August 2006	Technical Support is available until July 2013. Service replacement parts are limited to available inventory. No available upgrade path.	Selenia + Cenova
Hologic	R2 ImageChecker D (with Fisher port license)	Digital Mammography CAD system	August 2006	Technical Support is available until July 2013. Service replacement parts are limited to available inventory. No available upgrade path.	Selenia + Cenova
R2	ImageChecker LX (Diagnostic Pro scanners)	Film Screen CAD system	March 2005	Technical Support is available until March 2013. Service replacement parts are limited to available inventory. No available upgrade path.	LS (CADPro scanners) or DMax system upgrade
R2	ImageChecker DX (Diagnostic Pro scanners)	Film Screen CAD system	July 2005	Technical Support is available until March 2013. Service replacement parts are limited to available inventory. No available upgrade path.	LS (CADPro scanners) or DMax system upgrade
R2	ImageChecker LS (Diagnostic Pro scanners)	Film Screen CAD system	October 2005	Technical Support is available until March 2013. Service replacement parts are limited to available inventory. No	LS (CADPro scanners) or DMax system upgrade

available upgrade path.					
R2	ImageChecker CL (Canon scanners)	Film Screen CAD system	April 2006	Technical Support is available until December 2013. Service replacement parts are limited to available inventory. No available upgrade path.	LS (CADPro scanners) or DMax system upgrade
R2	ImageChecker DM (Canon scanners)	Film Screen CAD system	April 2006	Technical Support is available until December 2013. Service replacement parts are limited to available inventory. No available upgrade path.	LS (CADPro scanners) or DMax system upgrade
R2	DigitalNow DM (Canon scanners)	Film Digitizer	April 2006	Technical Support is available until December 2013. Service replacement parts are limited to available inventory. No available upgrade path.	LS (CADPro scanners) or DMax system upgrade
R2	ImageChecker SL	Film Screen CAD system	March 2003	Technical Support is available until March 2008. Service replacement parts are limited to available inventory. No available upgrade path.	LS (CADPro scanners) or DMax system upgrade
R2	1360 Gen I	Film Screen CAD Viewer	December 2002	Technical Support is available until Dec 2013. Service replacement parts are limited to available inventory. No available upgrade path.	No available upgrade
R2	1360 Gen II	Film Screen CAD Viewer	May 2007	Technical Support is available until Dec 2013. Service replacement parts are limited to available inventory. No available upgrade path.	No available upgrade
R2	680 Gen I	Film Screen CAD Viewer	February 2003	Technical Support is available until Dec 2013. Service replacement parts are limited to available inventory. No available upgrade path.	No available upgrade
R2	RADX	Film Screen CAD Viewer	June 2003	Technical Support is available until June 2011. Service replacement parts are limited to available inventory. No available upgrade path.	No available upgrade
R2	680 Gen II	Film Screen CAD Viewer	June 2008	Technical Support is available until Dec 2013. Service replacement parts are limited to available inventory. No available upgrade path.	No available upgrade
Hologic	MIMS Jukebox	Archive	May 2003	Technical Support is available until August 2013. Service replacement parts are limited to available inventory. No available upgrade path.	SecurXchange Archive
Hologic	MIMS-PLUS with PowerEdge 2800 computer	Archive	October 2005	Technical Support is available until June 2013. Service replacement parts are limited to available inventory. No available upgrade path.	SecurXchange Archive
R2	P3, P4	Digital	November	Technical Support is	Cenova

		Mammography CAD system	2006	available until April 2015 Service replacement parts are limited to available inventory. No available upgrade path.	
R2	DMPU	Digital Mammography CAD system	November 2006	Technical Support is available until November 2013. Service replacement parts are limited to available inventory. No available upgrade path.	Cenova
