

### **Hiring Scam Warning – Update March 17, 2020**

In August 2017, we alerted you to the fact that there had been individuals impersonating Hologic Human Resource members who were offering fraudulent opportunities for employment. Our previous guidance stated that:

- Hologic will never make an offer of employment without meeting a candidate in person.
- Hologic will never interview a candidate via text message, messaging apps or social media (i.e. Google Hangouts, WhatsApp, Facebook Messenger, etc.).

However, due to the current COVID-19 pandemic, Hologic will begin utilizing various virtual meeting applications and tools for purposes of recruitment and interviews. If you have any doubt whatsoever about a job offer or any other communication purporting to come from Hologic, Inc., you may contact our Corporate Talent Team at (508) 263-2900, or email our Corporate Security department at [corporatesecurity@hologic.com](mailto:corporatesecurity@hologic.com)

The following information, which was also contained in our previous guidance, remains unchanged.

- Hologic will never ask an applicant to pay a fee or purchase training materials in connection with an application for employment.
- Hologic will never provide excess money to an applicant and ask the applicant to write a check for repayment.
