Notes: Global and technical payments reflect the Technical Component (TC) cap required by law. This TC cap only affected the payment rates for CPT code 77078. The Medicare Physician Fee Schedule (MPFS) TC rates for the other CPT® codes were lower than the Hospital Outpatient Prospective Payment System (HOPPS) TC rates, and therefore were not affected. For those Global payment rates with a TC component affected by the TC cap; the Global rate reflects the reduced TC component (i.e., Global = Professional (26) + Technical (TC)).
