

Sentimag® Gen 2 System - End of Sale / End of Life Notification – US ONLY

May 2026

Dear Hologic Customer,

Hologic is committed to providing you with the highest quality customer service, product support, and technologically advanced products to transform breast cancer patient care. With this in mind, we will no longer be selling the Sentimag Gen 2 System and will transition this product line to End of Sale status (EOS) as of May 13, 2026. Since going direct with the Endomag portfolio in February 2025, Hologic has not sold any Sentimag Gen 2 systems. Below is a list of part numbers impacted by the EOS:

Hologic / Endomag Catalog Number	Product Description
SMB02	Sentimag Gen 2 Base Unit
SMP02	Sentimag Gen 2 Probe
SMH02	Sentimag Gen 2 Probe Holder
SMC02	Sentimag Gen 2 Test Phantom Cap
SMA	Sentimag Gen 2 Footswitch

Staged End of Life for the Sentimag Gen 2 Base units

Additionally, Sentimag Gen 2 Base Units built in 2020 or prior will also be End of Life (EOL) as of December 31, 2026. EOL means that Hologic will not provide service or support. For Sentimag Gen 2 Base Units built in 2021 and after:

Manufactured Year	End of Life Date
Prior to 2021	December 31, 2026
2021	December 31, 2027
2022	December 31, 2028
2023	December 31, 2029
2024	December 31, 2030

Note: The serial-number label on the back of the Sentimag Gen 2 Base Unit (e.g., 'S2018-XXX') indicates the manufacturing year. We will continue to offer service on Sentimag Gen 2 Probes until December 31, 2030.

Following the dates above, no repairs or loaners will be available for the EOL products to prioritize support for contract customers and non-EOL equipment. Continuing obligations from sales agreements and existing service contracts that expire beyond the dates above will be honored through their expiration date to the best of our ability. Service contracts will not be eligible for renewal.

We recommend exploring our Sentimag Gen 3 system, which builds on the benefits of the Sentimag Gen 2 system with additional enhancements such as a slimmer probe and distance-measurement mode.

We regret any inconvenience this end of sale / end of life notification may cause. For all questions concerning this End of Sale Notice, or for help identifying your local Hologic representative, please contact Hologic Sales Support at BSHSalesSupportUS@hologic.com.

Sincerely,

Nolan Gatewood

Director, Breast Surgery Sales
