

## Faxitron® Path+ Specimen Radiography System - End of Sales Notification

March 18, 2025

Dear Hologic Customer,

Hologic is committed to providing you with the highest quality customer service, product support, and technologically advanced products to better support breast and skeletal patient care.

As a leading global healthcare and diagnostics company, we strive to make advances toward greater certainty and efficiency for our customers by providing them with cutting-edge technology that makes a real difference in patients' lives.

With this in mind, we will no longer be selling the Faxitron® Path+ Specimen Radiography System and will transition this product to End of Sale status (EOS) as of March 18, 2025.

- **Effective March 18, 2025, Hologic will discontinue sale of these systems.**

While this is not an End-of-Life announcement, and we will continue to support this product according to the plan below, this notification is intended to advise that Hologic will no longer accept orders for or deliver these systems after this date.

Hologic and its authorized dealers will continue to provide technical phone support, on-site service, and parts support (based on the availability of replacement components) for the Faxitron® Path+ Specimen Radiography System until such a time that an official End of Life (EOL) date is announced. Service agreements currently in effect will be honored, and new service agreements will continue to be accepted until an End of Life date is announced.

We encourage you to contact your local Hologic representative for additional information about alternative products, including our Faxitron® Path Specimen Radiography system. More information is also available at [www.hologic.com](http://www.hologic.com).

For all questions concerning this End of Sales Notice, or for help identifying your local Hologic representative, please contact Hologic Customer Sales Support at 1-866-636-8837 or [SalesSupport@Hologic.com](mailto:SalesSupport@Hologic.com). Additionally, you can reach out to Customer Service at 1-877-371-4372 or [BreastHealth.Support@Hologic.com](mailto:BreastHealth.Support@Hologic.com) for technical questions related to your system.

Sincerely,

A handwritten signature in black ink, appearing to read "ZB", with a small "jrb" in the bottom right corner.  
jrb
