

## PRODUCT END OF SERVICE NOTICE Trident<sup>®</sup> 1 Specimen Radiography System

February 2026

Dear Hologic Customer,

As a valued Hologic customer, we want to express our gratitude for your commitment to delivering the highest level of care to your patients. At Hologic, we take immense pride in being a global leader in women's health, dedicated to developing innovative solutions that enable healthcare providers like you to make a meaningful difference in the lives of those you serve. Your trust and partnership inspire us to continually strive for excellence, ensuring that we remain at the forefront of advancing women's health together.

In May 2022, we announced End-of-Life for the Trident<sup>®</sup> 1 Specimen Radiography system. Effective **October 1, 2026**, Hologic will no longer be offering service for any Trident<sup>®</sup> 1 Specimen Radiography system for non-contracted customers. Onsite support will no longer be available for non-contracted customers, and any remaining replacement parts will be allocated to existing service contracts. Phone support following this date will be limited and cannot be guaranteed due to the age of the product and the need to support our active product lines. To the best of our ability and subject to part availability, we will strive to honor any existing service contracts with expiration dates beyond September 30, 2026. **This notice does not affect the serviceability of any Trident<sup>®</sup> HD Specimen Radiography system models.**

Model	End-of-Life	End-of-Service	Alternate Model
Trident <sup>®</sup> 1 (TRI-00001)	5/1/2022	10/1/2026	Trident <sup>®</sup> HD (TRI-00002)

We value your loyalty over the years and remain committed to providing our customers with the highest-quality products and service. Please don't hesitate to contact your local representative for information on our current line of specimen radiography systems.
