

Mammography Printers & Ancillary Products

Product Discontinuance/ End of Sale Notice

Hologic is calling a Product Discontinuance /End of Sale to the Mammography printers and the Atirix and LexMark product lines effective January 31, 2020.

Rationale

- These Ancillary products are no longer needed by our customers and have not been sold in the past few years.

Service and Support

- Hologic will continue to support these products but will not issue any new service agreements for these products.
- The manufacturer's warranty for this product is provided through the original manufacturers and they will continue to support the products per their warranties.

Communication

- Service sales will let customers know that we will no longer cover these products in service renewals. Letters will not be sent out to customers.
