

MammoSite® Targeted Radiation Therapy System - End of Sale Notification

June 30, 2023

Dear Hologic Customer,

Hologic is committed to providing you the highest quality customer service, product support, and technologically advanced products to transform breast and skeletal patient care.

As a leading global healthcare and diagnostics company, we strive to make advances toward greater certainty and efficiency for our customers by providing them with cutting-edge technology to make a real difference in patient lives. As technology develops, older systems inevitably face an increasing scarcity of replacement components that eventually make it impossible for us to support certain components indefinitely.

With this in mind, we will no longer be selling the MammoSite brachytherapy products and will transition these products to End of Sale status (EOS). The MammoSite products will be effected as of September 30, 2023.

Below is a chart of the part numbers impacted by the EOS status:

ML2345	3.5 - 5.0 cm Multi-Lumen Applicator Tray*
919007- 01	4.0 - 5.0 cm Applicator Tray*
926000	MammoSite Cavity Evaluation Device (CED) Kit
MLMW08	Hologic Marker Wire Kit
819002	Varian HDR afterloader connectors with obturators
819001	Nucletron HDR afterloader connectors with obturators
819003	GammaMed HDR afterloader connectors with obturators
919004	MammoSite patient care kit
WINDSTONE	MammoSite/Contura office accessory kit

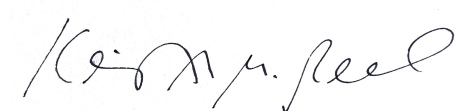

We greatly value your loyalty over the years and look forward to continuing our relationship with you into the future. We remain committed to providing our customers with the highest-quality products and service.

We regret any inconvenience this end-of-sale notification may cause. Please reach out to your local representative or our support team below with any questions:
